

INDEX

01 Anthrax disease of chilli (<i>Capsicum annuum</i>) under climate change: Pathogen complexities, environmental determinants, and Climate-Smart management <i>Sanjog Chhetri, Arindam Ghosh, Sujit Sarkar, Rakesh Yonzone</i> pp. 1-8	02 Climate-Induced Changes in Tea Biochemistry: Implications for Quality Tea Production <i>Arindam Ghosh, Sanjog Chhetri, Sujit Sarkar, Soumya Majumder</i> pp. 9-15
03 Accelerating Adoption of Climate-Smart Agriculture: Challenges and Extension Strategies <i>Litan Das, Prakriti Modak, Sayantan Dey, Saumyadip Chakraborty, Subhrajyoti Panda</i> pp. 16-24	04 Climate Change and Emerging Livestock Diseases: Strengthening Advisory Systems for Climate-Resilient Animal Health <i>Shruti, Madan Singh, Harideep Verma</i> pp. 25-33
05 Impacts of Climate Stressors on Tea Cultivation: Consequences and Adaptive Strategies with Special Reference to Darjeeling Tea Clones <i>Soumya Majumder, Dipa Kundu, Urmi Saha, Arindam Ghosh, Sujit Sarkar, Plabita Saikia</i> pp. 34-41	06 Carbon Management in Soil for Sustainable Agriculture <i>Amrit Tamang, Koushik Ghosh, Mandira Saha, Sagar Tamang and Tarik Mitran</i> pp. 42-54
07 Next-Generation IPM Strategies for Climate-Resilient Agriculture <i>M. Soniya Devi, Rakesh Yonzone, Y. Rupert Anand, S. Bandyopadhyay</i> pp. 55-59	08 Climate Smart Villages: Bridging Science and Farming Communities <i>Namitha Rajendran, Shubhadeep Roy</i> pp. 60-66
09 Nature-Based Solutions for Sustainable Agriculture in Climate-Vulnerable Coastal Regions <i>Abhishek Ghosh, Niloy Biswas, Shraddha Bhattacharjee</i> pp. 67-71	10 Climate-Smart Agripreneurship: Creating Green Livelihood Opportunities for Rural Youth <i>Aditya Lama, Sonam Wangdi Bhutia</i> pp. 72-77
11 Future of Orchid Diversity under Changing Climate in the Eastern Himalayas: Challenges, Opportunities and Conservation Strategies <i>Dipika Sarmah</i> pp. 78-84	12 Climate-Smart and Sustainable Agriculture for a Resilient Future: Relevance to Darjeeling Tea Plantations <i>Dipa Kundu, Urmi Saha, Soumya Majumder, Plabita Saikia</i> pp. 85-89
13 Precision Agronomy: Integrating Sensors, AI and Decision Support Systems for Climate Adaptation <i>Partha Sarathi Patra, Jitendra Majji</i> pp. 90-98	14 Traditional Knowledge for Sustainable Climate Justice and Adaptation <i>Arindam Nag</i> pp. 99-102
15 Impact of Climate Change on Flowering and Production of Cut Flowers <i>D. Barman</i> pp. 103-107
